

DOCTORS OF CHILDREN OF ORANGE COUNTY

4950 Barranca Parkway, Suite 209, Irvine, California 92604

SICK AND WELL POLICY

Welcome to Doctors of Children of Orange County! We appreciate your choosing of our office for your child's pediatric care. We are dedicated to providing quality and compassionate healthcare for your child.

During the course of your child's well visit, you can expect the provider to evaluate your child's growth, nutrition, general behavior, developmental issues, sleep habits, any safety concerns, as well as perform a physical examination. Any immunizations and/or other studies (including laboratory tests, other procedures or screening tests) which may be recommended during the course of your child's routine well exam will be billed separately from that of your routine well visit.

Also, if an abnormality or problem is encountered or a preexisting issue is addressed in the process of performing the well exam and the problem is significant enough to require additional work OR time by the provider, please be advised that a separate office visit may be added and charged with your well exam. This additional visit may or may not be covered by your insurance, and is accepted as a "billable procedure" according to current procedural terminology as governed by the American Medical Association (AMA).

We understand that insurance details can be challenging. If you have any questions regarding your plan benefits or limitations, please contact your insurance carrier.

Please sign and date below to acknowledge that you have read and understand our policy.
